

A Level Geography

Exam Board: AQA

Course Structure:

At AS/A2 Geography, all students will study core human and physical geography. In each area students will consider the values and attitudes of decision makers, consider their own values and attitudes to the issues being studied and support their learning of ideas through the study of specific case studies. Topics will include: Rivers, floods and management, Coastal Environments, Cold Environments, Hot deserts and their margins, Global population Change, Food supply issues, Energy issues, Health issues.
