

Our Children, Our Community, Believe it can be done!

Headteacher's 'Thought For The Week'

Our school motto of 'Our children, our community, believe it can be done' has a theme of endurance, persistence, hard work and optimism running through it.

One of the greatest examples of persistence, endurance, hard work is the life of the 16th President of the United States: Abraham Lincoln (1809-1865). If you want to learn about somebody who didn't quit, look no further.

Born into poverty, Lincoln was faced with defeat throughout his life. He lost eight elections, twice failed in business and suffered a nervous breakdown.

He could have quit many times - but he didn't and because he didn't quit, he became one of the greatest presidents in the history of the United States of America.

Lincoln was a champion and he never gave up!

'Our children, our community, believe it can be done!'

Arabic quiz

The following words have originated from Arabic. Transliteration of the words is given below. Your task is to find the English version. See Mr Haque in G7 with your answers and win a prize!

Values Focus of the Week

GENEROSITY

Generosity is described as a willingness to give, to share one's time and/or resources, without an expectation that the gift or act will be returned. Generosity is the act of giving, sharing, serving or helping.

- Success in life does not come from what we have, but from what we give.
- Giving someone a present is one type of generosity. But, giving your time, your talents or your friendship can make an even bigger difference.
- You can give to a friend in need, someone who is struggling or to your community.
- The great thing about giving is that you can do it anytime and anywhere.
- You just need to think about others and how you can help them.
- As you give more to others, you will see more good come from this. Their joy and your joy.
- It feels good to give.
- If we can all give a little more to others, we will not only be better people ourselves, but the world will be a better place.

	Arabic transliteration	English version	Meaning/explanation	Clue

St Paul's Girls School - 4 v 2 - Broadway Academy

Broadway Academy Girls Football Team recently played St Paul's. The match helped students to play great football. Unfortunately, we lost 4:2, however our lucky scorers Inayah and Ania helped us gain motivation during the match. The team had cooperated well and the game was even for both sides to win. Broadway had played remarkably well and are confident we will improve our skills. The St Paul's team showed amazing effort, towards the end we shook hands and congratulated them for playing well. Our main goal in the future is to do well in the other games we play.

By Shahanaz B.

A great game of football was played by the under 13 girls team, who competed really well and were unlucky to lose the game. The players tried hard right through to the final whistle and the opposition's school teacher was full of praise for the effort, respect and team organisation which the pupils demonstrated making it difficult for the opposition to score goals.

Player of the match: Inayah H.

The school garden foundations are in place from the students' designs and the time to prepare for the spring season is now. With the fruit trees planted this week, hopefully gaining a crop of apples, plums, cherries and pears next summer.

The important work throughout the autumn and winter is ground preparation - gaining a good condition soil for the vegetables to grow and the crops to be gained. This is where the students have worked hard digging the plant fertilizer into the soil, aerating and enriching the soil ready for the spring sowing season. Using the garden tools, understanding how plants grow, the importance of insects and how recycling can support new growth are all included in the learning and physical groundwork to gain a plentiful harvest in summer. Thank you to the year 7 students who worked as a team and enjoyed the raking and digging needed to gain the rich soil. Then onto the inclusion team, to keep the garden rich, tidy and prepared removing the ever falling leaves with the assistance of our maintenance team. This is truly a team approach across the school. A definite healthy living lifestyle for Broadway Academy!

Titan Initial Teacher Training

Are you interested in starting a rewarding teaching career which will make a difference to children in Birmingham?

Titan ITT are currently recruiting for Early Years, Primary and Secondary courses starting in September 2016, across a variety of subjects. To make an application visit the UCAS website.

For more information about our courses and entry requirements, please visit our website

www.titanteachertraining.co.uk or contact us on **0121 212 4567**.

Interfaith Walk 2015

Last week was Interfaith Week, a time when people of different religions are encouraged to do more to learn about, understand and work with each other. On Wednesday, 25 students from Broadway Academy did just that! Students of Christian, Hindu, Muslim, Rastafarian and no faith spent the day getting to know each other and taking part in a Faith Walk. After spending some time celebrating the diversity within the school students visited Shree Geeta Bhawan Hindu Temple, Sri Dasmesh Sikh Temple, Sacred Hearts Catholic Church and Faizul Islam Masjid. Students were able to learn about the key teachings of each faith, how they worship and what each faith teaches about peace, with some interesting and thoughtful questions being asked throughout the visit. Students also spent some time reflecting on the similarities and differences between these faiths and their own. When we returned to the Academy more discussions and group work took place as each group presented a news broadcast highlighting the key learning from the day. There was so much learning taking place in such a fun and practical way we will most definitely do another one during the summer term. The celebrations continued after school at our Interfaith Celebration 2015 - Building Bridges for Peace. With food, dhol drumming and a rock band, a selection of students and staff gathered in our Lecture Theatre to hear reflections on peace from a Humanist, Islamic and Sikh perspective from staff at Broadway Academy which ended with a Christian song about peace. It was a remarkable day highlighting and celebrating the diversity at Broadway and how we as an Academy are equipping our community to continue Building Bridges for Peace.

Ready to take your first step on the road to a truly impressive career?

Our award-winning Apprenticeship Programmes are open for applications until **December 31st 2015** - your chance to work and grow with two of the worlds most famous automotive brands.

Designed to be just as rewarding as our iconic cars, our Advanced and Degree apprenticeships offer passionate individuals the chance to grow whilst gaining enviable commercial experience and recognised external qualifications. Learning from the best and working on real projects that will have a real impact on our ongoing global success, our Apprenticeship Schemes will reward your ambition and develop your excellence.

Programme areas

Advanced Apprenticeship Scheme

- Automotive
- Maintenance
- Manufacturing Support
- Tool Room / Model Factory

Engineering Degree Apprenticeship Scheme

- Production Supervision
- Purchasing
- Design
- Product Development
- Manufacturing Engineering

Finance & Accounting Degree Apprenticeship Scheme

- Finance

What you'll need

The Advanced Scheme is designed for those who have completed five GCSEs grade A*-C and runs for four years. The Degree Scheme runs for six years, and is appropriate for those who have completed relevant A-Levels or, for the Engineering Degree Apprenticeship, a BTEC Level 3 in an Engineering or Technology related subject, or, for the Commercial (Finance) apprenticeship, a Level 3 qualification in a relevant business discipline.

Further details on the amount of credits and awards required can be found on our website.

If you're ready to make the most of the hands-on experience and qualifications we offer, it all starts at

Feeling Anxious?

We all get frightened or worried from time to time. Usually fear is a good thing as it keeps us from getting too close to danger. Sometimes though, we can feel frightened or worry about things 'too much' and this can get in the way of enjoying life. This sort of fear or worry is called anxiety.

How common is it?

Anxiety is one of the common mental health problems. Nearly three hundred thousand young people in Britain have an anxiety disorder. So you are not alone. Lots of people however, suffer in silence. It is important to recognise your problems and seek help especially when it starts affecting your everyday life.

When we feel we are in danger, our brains tell our bodies to get ready to run away quickly. This means that if you have anxiety you may feel this in your mind, as well physically in your body.

What does anxiety feel like?

The symptoms of anxiety include:
In your body or physically you may feel:

- sick
- shaky/dizzy
- heart racing
- short of breath
- 'butterflies' in the stomach.

In your mind you may:

- feel upset
- feel worried
- irritable
- unable to relax
- have difficulty in concentrating.

What causes these worries and anxieties?

We do not really know what causes this illness. However, sometimes you may find the problems started after upsetting or frightening experiences in your life (like being bullied at school, having an illness, loss of a loved one or parents separating).

You may be able to manage one thing, but when lots of things happen at once, like parents separating, moving house and changing school, it can become much more difficult.

Anxiety tends to run in families, so if someone in your family is known to worry a lot, you may be more likely to worry as well. Some of this will be passed on in the genes, but you may also 'learn' anxious behaviour from being around anxious people. If your family or friends are anxious or harsh, it can make your anxiety worse. In this case it may help to talk to them about it.

What can you do?

Some people may grow out of anxiety, but a few may still experience anxiety when they grow up. The good news is that it is treatable - this means that there are things that can be done to reduce feelings of anxiety.

There is a lot you can do with the help of family and good friends to make you feel better.

- Try to give yourself more time to get used to any changes that happen, like at home or at school, as change can be more difficult when you worry a lot. Check out whether you are picking up on someone else's worry, rather than it being just yours.
- Get support from good friends and family; you might also want to talk to someone outside the family such as your form tutor, your SSM/SSA or any other teacher you feel comfortable with.
- Remember at Broadway Academy if we cannot help we will find you someone who can!

Reduce, reuse, and recycle!

A big thank you to the year 8's that took part in creating items made out of used materials. We had everything from origami to money boxes to a wind powered car! The Pink Department and the school are very passionate about 'Go Green' and are committed to teaching adults and pupils that the smallest thing you do counts towards looking after the Earth we all live on. So whether it's recycling your rubbish, reusing that plastic pop bottle you bought at lunch or turning the tap off when you brush your teeth, you are helping to save the planet! Remember, a little goes a long way.

Refreshments will be available in the interval and before the show
6.30pm for a 7.00pm start

Annie

Wednesday 16th December

Thursday 17th December

7.00pm

Tickets

£8 per adult

£5 per child and senior citizen
